The latest information,  
product updates & more

### Free Middle Seat

Fancy some additional seating space? Simply add our seat upgrade when booking a public fare on the Eurowings website. The free middle seat is bookable from 10 € (SMART fare) or from 15 € (BASIC fare) per person and route depending on the availability. The offer is valid as long as there are still enough seats available on the aircraft.

**Please note:** Within the B2B Corporate and B2B Travel Agency portals, as well as for Tour Operator customers and customers who have booked a flight with third-party providers, direct booking of the free middle seat is currently not yet possible. Customers who have booked via the B2B Corporate and B2B Travel Agency portals or with third-party providers have the following options\*:

#### Option 1 – Request via website

1. Book your desired flight first.
2. After logging in with booking code and last name on the [Booking confirmation](#) and [Manage booking](#) pages, you can request the seat upgrade with more legroom and a free middle seat next to the actual seat. Here you will already see the price of the free middle seat.
3. Our customer service will contact you by phone to finalise all further steps with you.

#### Option 2 – Request via the call center

1. Book your desired flight first.
2. Contact our call center at the number you know.
3. Our customer service will guide you through all further steps and complete the booking of the free middle seat together with you.

#### Option 3 – Request via ticket counter at the airport

1. Book your desired flight first.
2. Go to the Eurowings ticket counter at the airport.
3. The colleagues on site will complete the booking of the free middle seat together with you.

For more information on the seat upgrade with a free middle seat, please see our [Questions and Answers](#).

Best regards  
Your Eurowings sales team

\* For bookings via GDS only options 2 and 3 are available.
